

**Nicole Frandsen**

**Positive Space Trainer  
Calgary, Alberta**

Nicole Frandsen prefers the pronouns she/her/they/them. She has been working at CRA since January 2011 and she is currently an SP-05 Regional Outreach Officer at the Harry Hays Building. She is the Prairie Regional Co-Representative in the LGBTQ2+ Network for CRA as well as one of two Positive Space trainers in the Southern Alberta Tax Services Office (SATSO) region. As a married, bisexual, cisgender female, the Positive Space initiative is very dear to her heart. She has always believed in changing her small corner of the world and this training, through Positive Space, allows her the opportunity to educate others and provide people with a safe space to share and discover together.
